

Nice pics to stimulate **fluid intelligence**: there are trillions of ways to peace without war, violence, torture, threats, intimidation as chapter 13 of www.happyimmortals.com/book.pdf explains. Feel free to copy these pics and gifs and use them when texting, direct messaging on social media, etc to cheer others up. I made this file so you can easily download these pics I found online. We need more positive emotions, since our tone of speech, emotion, thinking is so bad, see chapter 8. You can search the google images and find more “thank you gifs blue glitter” for those who like blue, etc. iasos.com/artists has more.
